

The Gluten-Free Food Program hereby recognizes:

Sweet Escape Pastries, LLC

As a company fully committed to gluten-free food manufacturing, it maintains documented practices designed to keep its products free of wheat, barley, rye, and common oats — including their hybrids and derivatives — across product formulation, processing, and packaging.

Program endorsed by:

A handwritten signature in black ink, appearing to read 'A. Batten'.

Andrew Batten, President

Gluten-Free Food Program Inc.

The appearance of the GF Certified mark of trust on packaging shows that the manufacturer meets GFFP standards. It gives consumers added confidence that the manufacturer's product, processing, and packaging practices are designed to exclude wheat, barley, rye, and common oats — including their hybrids and derivatives. Verification testing, using validated detection methods, confirms measured gluten levels of 5 ppm or less.
